

Donations for Rocio Castillo

Ms. Dyer's class collected donations for Rocio Castillo, a 3rd grade teacher at Sheldon Elementary. Her school had several feet of water in it due to the flooding after Hurricane Harvey. Every classroom in their school had to be completely gutted.

Ms. Dyer's class brainstormed the best way to count the money, counted all the money themselves and did all of the adding to come up with our total amount of \$1,201.05.

I attached a picture of Ms. Castillo's classroom prior to needing the carpet ripped out because it was ruined as well.
