

Hispanic Heritage Month

We are still celebrating Hispanic Heritage Month in Spanish Class. The students were working on Piñatas during the whole week! They were super excited with the idea and had so much fun!!! We learned what a Piñata is, where it came from, and which are the Spanish Speaking Countries that uses it the most during birthday parties. These are the photos of the piñatas on “working progress” by class. I will be posting pictures of the finish work on our next Newsletter!!!
