

The background of the page features a photograph of two young boys in school uniforms. The boy on the right is holding a magnifying glass over the boy on the left's face. Both boys are smiling. The text is overlaid on this image.

**Orlando Science
Schools-Technology
Campus
Grades K-5
Club Description Guide
2017-2018**

Orlando Science Schools strives to create a school environment in which children are exposed to many facets of learning in order to allow them to become well- rounded individuals. It is our hope that through providing children with a well- rounded curricular program coupled with a variety of extra-curricular activities we will expose children to opportunities for learning that may broaden their horizons and foster an interest that may become a life-long career path or interest.

OSS prides itself on being able to provide a variety of activities that will appeal to a variety of students and interests and it our belief that the activities that we offer will provide children with opportunities for growth and learning on many levels. We continue to seek to expand and tailor our extra- curricular programs to meet the needs of the student population that we serve and continue to look for ways to continue to improve our activities. The activities are held based upon student interest and faculty availability.

We encourage every child at OSS to find their niche in our school and become a part of one of the programs or activities being offered. We feel that by encouraging children to explore opportunities for growth and learning we are best preparing them to leave the elementary school environment and enter the junior high school. We ask you to support your child in finding activities that best meet their needs and interests. Parents are also an active part of our activities here at OSS and we invite you to be a part of the programming here as much as you are able and welcome your participation in our activities at whatever level you choose.

The clubs and activities listed in this guide are clubs available to the students at OSS. The clubs and activities offered in any given year are determined by faculty sponsorship and interest. **Clubs are subject to cancelation based upon attendance. In order to provide an enriching environment, some clubs may require a small fee. These fees are due within four weeks.**

Attendance is mandatory for all clubs. Students, who have three unexcused absences from a club, will be dropped from the club. A letter will be sent home to the student's parent/guardian. Fees are nonrefundable in most cases. Students are not expected to leave early from a club frequently.

A waiting list will be kept for each club. If an opening is created in a club, the student, and parent/guardian, added to the club will be notified. OSS will seek opportunities for additional clubs throughout the year and will advertise them on an as needed basis.

K-2 Clubs

ADVANCED MATH GAMES

CLUB

TUESDAY

Ms. Nelson

No Club Fee

Students in this club will practice challenging math skills through engaging math games at the 3rd grade level. All students, K-2, are expected to work at the 3rd grade level in Math, therefore it is recommended for students who excel in the subject.

ANIMAL ART CLUB

THURSDAY

Ms. Duran

\$10 Club Fee

ROAR! GROWL! CLUCK! Do you enjoy learning about different animals? Learn about many different animals and create art inspired by the animal's looks and structure. Students will discover animal's habitats, structure, and facts. Students will gain an appreciation and understanding for animals from around the world!

ANIMATION STUDIO CLUB

MONDAY

Ms. Haines

\$10 Club Fee

This club will teach students the basic drawing and animating techniques behind popular films. Each month, students will watch an animated film and study the characters in the film. Then they will learn to sketch, color, and animate them! Students will draw their favorite characters and bring them to life in original stop-motion videos! Each student is encouraged to bring a blank sketch notebook. There is a \$10 fee for this club to cover the cost of paint, art supplies, and animation software.

ART OF APPRECIATION CLUB

MONDAY

Ms. Stern

No Club Fee

Appreciation is the recognition and enjoyment of the good qualities of our surroundings. In this club we will focus on the little things we have in our lives that we often overlook. We will activate our minds by playing fun games that will make us think outside of the box to create ways we can show appreciation towards the people and objects we love. We will also keep an Appreciation Journal that we reflect in weekly. The result of this club is to have fun and make all of us more grateful and appreciative of what we have in our life!

BOARD GAMES AND PUZZLES

CLUB

THURSDAY

Ms. Fisher

\$5 Club Fee

Students will engage in children's Sudoku, jigsaw puzzles and board games to keep their brain's stimulated in a fun environment!

CHESS

WEDNESDAY

Ms. Dyer

\$10 Club Fee

Students will practice and work on skills in the game of chess. The requested donation is to replace any chess sets that may have missing pieces or be unusable. Students will regularly play against each other in chess matches.

CHESS

THURSDAY

Ms. Yamnitz

\$10 Club Fee

The purpose of the chess club is to educate students in the amazing world of chess. It is highly recommended that your student already be familiar with the game; instruction of the game in the traditional sense will not be provided, but rather provided through practice and playing the game. Students will be learning various strategies and tactics throughout the year. The students will have the opportunity to challenge each other weekly, during our annual chess tournaments, and at local competitions.

COMPUTER ACCESS CLUB

THURSDAY

Ms. Parker

No Club Fee

Students in this clubs will meet in the computer lab and work on a variety of computer programs including Study Island, Sumdog, Brain Pop, and more. The class will have weekly tasks, goals, and friendly competitions. This is a great way to study, have fun, and learn in a more casual setting.

COOPERATION AND STRATEGY

FRIDAY

Ms. Vinson

\$10 Club Fee

Students will work on their team work and cooperative skills while playing games and completing puzzles. Older students will be given the opportunity to mentor younger students, fostering their leadership skills. Students will have access to a variety of games that will promote academics and use of strategy.

CREATIVE WRITING CLUB

WEDNESDAY

Ms. Chandler

\$5 Club Fee

The Creative Writing Club is designed to give students an audience for their works of poetry, short stories, narratives, and other pieces of writing. Great for any student who has a passion for writing or who want to improve their writing. Watch as your child grows in enthusiasm for writing!

DANCE AND MOVEMENT CLUB

TUESDAY

Ms. Fisher

\$5 Club Fee

Students will participate in guided dance/exercise through programs such as GoNoodle!

JR. FIRST LEGO LEAGUE (JR FLL)

TEAM (K-1ST GRADE)

FRIDAY

Ms. Coy

\$75 Club Fee

Junior FIRST® LEGO®League (Jr.FLL®) is for kindergarten through 1st graders. They will explore real-world scientific concept through research, teamwork, construction, and imagination. Teams of six, guided by Parent Coaches, use LEGO® bricks to build a model that moves, develop a Show Me Poster to illustrate their journey, and compete against other Jr. FLL teams around Central Florida. **Parent participation is required.** Fees will go towards the kit, registration, and competition fee. A coaches training will be held shortly after the club begins to help prepare parents for their roles and responsibilities this year. All teams are required to compete in at least one event. There is a selection process, starting with an online survey then an interview.

LET'S GET MOVING CLUB

TUESDAY

Ms. Lineberger

No Club Fee

Discover how fun and exciting being healthy and staying fit can be while being surrounded with all your K-2 friends! A lot of time is spent using electronics like watching TV, computers, video games, cell phones and movies in a typical day, so why not get up, get to dancing, jumping and moving around? Physical activity is an essential component of a healthy lifestyle. Physical activity helps control weight, builds lean muscle, promotes strong bones, muscle and joint development, and is even proven to have positive effects on the mind! Let's Get Moving!

LITERATURE AND FILM CLUB

MONDAY

Ms. Vinson

No Club Fee

Students will participate in shared reading experiences of some classic and well loved stories. Students will dissect these stories using reading and comprehension strategies. Students will be analyzing characters, setting, writing styles, author's purpose, and plot. Students will watch the film version of the story and compare and contrast it to the book. Students will be studying at least one book and film per nine weeks. If time allows, we will include additional stories and/or projects.

MAGIC CLUB

TUESDAY

Ms. Haines

\$10 Club Fee

Students will learn the basic fundamentals of performance magic, such as palming, misdirection, forces, and showmanship. A variety of tricks will be explored so that students can develop their own style and routine. Students will have the opportunity to learn different types of magic tricks with coins, cards, ropes and scarves. If students master the basic tricks and techniques, they can move onto intermediate tricks or even start designing their own tricks! Please note: This club is not recommended for students who were in the club last year, unless they want to re-learn and practice the same tricks. There is a \$10 fee for this club to cover the cost of cards, coins, and other magical props!

PAINTING CLUB

WEDNESDAY

Ms. Volden

\$10 Club Fee

Painting club is a wonderful opportunity for students who are seeking a creative outlet outside of their academic day. Together we will explore various painting techniques, styles, and artists. We will proudly display our masterpieces at the end of the year with an Art Show.

RUNNERS CLUB

FRIDAY

Ms. Chandler

\$10 Club Fee

Students will earn points for running/walking and collect a popsicle stick as they complete a lap. X amount of popsicle sticks are equal to one mile. When a student has run/walked 5 miles, they will earn a charm for a runner's club necklace.

SIGN LANGUAGE CLUB

FRIDAY

Ms. Dyer

\$10 Club Fee

Students will learn the basics of sign language. The requested donation will be for videos and materials to further our knowledge of sign language. Students will work towards learning an entire song in sign language which could be performed at the end of the year.

SPORTS CLUB

THURSDAY

Ms. Stapleton

No Club Fee

The purpose of sports club is to help students practice common sports while working on sportsmanship and teamwork.

STEM EXPLORATION CLUB

FRIDAY

Ms. Nelson

\$5 Club Fee

In STEM Exploration club students will explore science, technology, engineering, and math through hands on games, projects, and experiments!

TABATA CLUB

MONDAY

Ms. Krygowski

No Club Fee

Children will engage in a fun and fast passed exercise movements. We will incorporate all parts of the body through cardio, resistance, and mobilization exercises. At the end of the class students will watch and engage in a stretching/relaxation video to bring down their heart rates and cool off! Please wear sneakers!

YOGA CLUB

MONDAY

Ms. Lineberger

No Club Fee

Building strength, balance, and concentration, this club will utilize yoga techniques to help create an environment of cooperation and well being. Yoga strengthens all parts of the body and helps students become more flexible and coordinated. Self-esteem is also boosted as they gain control over their bodies and minds. Self-discipline increases because part of the practice of yoga involves kids slowing down, holding certain postures, breathing in a certain way and thinking creatively. Through practicing yoga, children learn ways to relax and manage stress in their lives. Yoga club will culminate with a demonstration of the yoga poses, breathing skills and techniques learned throughout the year. Students should bring a change of clothes in order to increase comfort for yoga (i.e. athletic clothing) as well as a towel or yoga mat (mat is not require a towel would work just as well).

YOGA CLUB

WEDNESDAY

Ms. Krygowski

No Club Fee

Yoga teaches students to direct their energy in a productive way and gives students a deeper sense of calmness and concentration throughout the day. During yoga club, we will focus on what our bodies do for us every day and ways we can say "thank you" to our bodies through stretching, increasing blood flow, and deep breathing. Yoga enhances flexibility, strength, mental focus, and body awareness resulting in an overall happy, calm, and productive student!

YOGA CLUB

FRIDAY

Ms. Stern

No Club Fee

Yoga teaches students to direct their energy in a productive way and gives students a deeper sense of calmness and concentration throughout the day. During yoga club, we will focus on what our bodies do for us every day and ways we can say “thank you” to our bodies through stretching, increasing blood flow, and deep breathing. Yoga enhances flexibility, strength, mental focus, and body awareness resulting in an overall happy, calm, and productive student!

YOUNG SINGERS CLUB

WEDNESDAY

Ms. Parker

\$10 Club Fee

Students will be performing with a group their age range. We will be working on our vocal range and practicing through our solfege techniques. We will incorporate musical games and movements. Throughout the year the students will be preparing to preform for an audience.

WORLD CULTURES CLUB

TUESDAY

Ms. Duran

\$5 Club Fee

Hola! Hi! Ni Hao! Bonjour! Xin chao! Do you enjoy learning about other countries? Travel around the globe the World Cultures Club to learn about different countries from around the world! Students will discover diverse cultures by exploring food, art, career opportunities, song, language, and video. Students will gain an appreciation and understanding for our friends around the world and envision a possible future in these foreign lands!

ZOOLOGY CLUB

MONDAY

Ms. Volden

No Club Fee

Students will explore in depth the vast range of types of animals we keep as pets. We will explore how to care for animals from common fish to the exotic Capuchin monkeys. Students will research and create projects about how to care for our pets, more about the types of animals, and discuss whether they think that pet is the best pet there is!

ZUMBA

TUESDAY

Ms. Yamnitz

No Club Fee

The purpose of Zumba club is to encourage healthy habits by exposing children to the fun and high energy world of Zumba. Students will be exposed to age appropriate dance routines and will learn the basic skills and steps found in the dances. The students will also learn various stretches that need to be done in order to avoid any injuries. Because Zumba is a fast paced style of dance at the end of each class we will watch a yoga or similar video so the children have a chance to relax and bring their heart rate down at the end of the club.

2-3 Clubs

JR. FIRST LEGO LEAGUE (JR FLL)

TEAM (2nd-3rd GRADE)

WEDNESDAY

Ms. Coy

\$75 Club Fee

FIRST LEGO League (Jr FLL) is a robotics team is for 2nd and 3rd graders, which is designed to get children excited about science and technology and teach them valuable employment and life skills. Teams of six, guided by **Parent Coaches**, use LEGO® bricks to build a model that moves, develop a Show Me trifold to illustrate their journey, and compete against other Jr. FLL teams around Central Florida. **Parent participation is required.** Fees will go towards the kit, registration, and competition fee. A coaches training will be held shortly after the club begins to help prepare parents for their roles and responsibilities this year. All teams are required to compete in at least one event. There is a selection process, starting with an online survey then an interview.

3-5 Clubs

ADVENTURE TIME 2-D

DRAWING CLUB

WEDNESDAY

Ms. Cybulski

\$10 Club Fee

Students will be studying the artistic styles of Pendleton Ward, a successful American animator and the creator of the animated series Adventure time. Students will learn pencil drawing, water color as well as inked pen techniques of 2d drawing. We will also reference the series for inspirations.

ANIME CLUB

THURSDAY

Ms. Cybulski

\$5 Club Fee

We will be mostly focused on the studio Ghibli Hayao Miyazaki film series which includes "My neighbor Totoro", "Spirited Away", "Castle in the Sky", "Kiki's Delivery Service", "Nausicaa", "Princess Mononoke", "Howl's Moving Castle", and "Ponyo". Through the films, we will be discussing various topics such as environmentalism, pacifism, and responsibility. Every 2 weeks or so after we've finished a film we will be doing small art projects such as origami, acrylic paintings, or collages as a film response. There will be some kanji characters learning spaced throughout the weeks as well.

BACKGAMMON CLUB

TUESDAY

Ms. Knight

\$10 Club Fee

Want to learn how to play an historical game of skill and strategy mixed with a little luck? Backgammon is both simple and challenging! Club members will use logic, mathematics, probability, game theory and positive social interaction while having fun. The club fee will pay for authentic game boards for students to use.

BAND CLUB

WEDNESDAY

Ms. Parrella

Instrument Rental Fee

With this band program your child will be learning the basic fundamentals to the instrument of their choice. They will go through exercises to fully develop proper technique and sound on their instrument. The program develops theory, aural, compositional, and improvisational skills, and also provides a wealth of classical and world music material. We will start each meeting with warm-ups and exercises that get the students prepared for longer works. We will also be performing classic works that your student will recognize and be familiar with to add to the great and exciting time they will have in this band program. All students will be playing in ensembles together and/or solo pieces that they have an option to choose from. Students will need to rent their instruments from a participating local music store. Band will meet on every Wednesday after school from 1:30 pm until 4:00 pm, this is an extended club time.

BATTLE OF THE BOOKS CLUB

TUESDAY

Ms. Greene

No Club Fee

Club Description (No more than one paragraph): The purpose of the SSYRA Program is to encourage students to read independently for personal satisfaction, based on interest rather than reading level. IN this club students will read different books from the 15 Sunshine State Readers books and meet in literature circles to discuss books.

BOARD OF THE GAMES CLUB

THURSDAY

Ms. Silvares

\$5 Club Fee

Board of the Games is a club where students can play a variety of different board games with their peers. They will have a chance to play strategy games, cooperative games, card games, and word games. Students will not only have a great time playing with their friends, they will also learn teamwork skills and communication skills.

CHESS CLUB

MONDAY

Ms. Alfiky

\$10 Club Fee

The purpose of the chess club is to educate students in the amazing world of chess. It is highly recommended that your student already be familiar with the game; instruction of the game in the traditional sense will not be provided, but rather provided through practice and playing the game. The students will have the opportunity to learn the game and challenge each other weekly through chess matches as well as during our semiannual chess tournaments.

COMIC BOOK CLUB

THURSDAY

Ms. Michaud

\$5 Club Fee

If you love superheroes, this is the club for you! In this club we will learn about the backgrounds of famous heroes! We will Club Description (No more than one paragraph): If you love superheroes, this is the club for you! In this club we will: discuss the backgrounds of various superheroes, learn the differences between the D.C. and Marvel Universes, discuss how superpowers would impact society, compare film and comic book versions of heroes, and much more!

COMMUNITY OUTREACH CLUB

FRIDAY

Ms. Knight

\$5 Club Fee

Community Outreach Club has a mission of developing compassion and inspiring a spirit of volunteering in children. Students will implement meaningful hands-on service projects, locally, nationally and globally. A \$5 fee will help pay for project materials. Join this club and help OSS make a difference!

COMPETITION MATH CLUB

THURSDAY & FRIDAY *Ms. Calabrese*

No Club Fee

Students in Competition Math will practice, on a weekly basis, challenging and engaging math problems. The students in this club will represent OSES at local, regional, state, and national competition. **Students must test into the club.** Assessments are given the first few weeks of school. Please note most competitions are on the weekends and require some travel.

COMPUTER ACCESS CLUB

MONDAY *Ms. Christian*

No Club Fee

Students in this clubs will meet in the computer lab and work on a variety of computer programs including Study Island, Sumdog, Brain Pop, and more. The class will have weekly tasks, goals, and friendly competitions. This is a great way to study, have fun, and learn in a more casual setting.

COMPUTER ACCESS CLUB

TUESDAY *Ms. Christian*

No Club Fee

Students in this clubs will meet in the computer lab and work on a variety of computer programs including Study Island, Sumdog, Brain Pop, and more. The class will have weekly tasks, goals, and friendly competitions. This is a great way to study, have fun, and learn in a more casual setting.

COMPUTER ACCESS CLUB

FRIDAY *Ms. Blaske*

No Club Fee

Students in this clubs will meet in the computer lab and work on a variety of computer programs including Study Island, Sumdog, Brain Pop, and more. The class will have weekly tasks, goals, and friendly competitions. This is a great way to study, have fun, and learn in a more casual setting.

COOPERATIVE AND STRATEGY

CLUB

WEDNESDAY

Ms. Colon

\$10 Club Fee

Students will develop their ability to strategize while playing a series of games that require them to use higher level thinking skills. Team work and cooperation will be developed as students interact with one another. Games include: Settlers of Catan, Rummikub, and Mancala.

FIRST LEGO LEAGUE (FLL)

CLUB(4th-5th Grade)

WEDNESDAY

Ms. Nieradka

\$150 Club Fee

FIRST LEGO League (FLL) is a robotics team for 4th and 5th graders, which is designed to get children excited about science and technology and teach them valuable employment and life skills. One team with ten students, guided by Parent Coaches, program an autonomous robot (using a LEGO MINDSTORMS® robot set) to score points on a thematic playing surface, create an innovative solution to a problem as part of their Project, all while guided by the FLL Core Values. These three elements - the Robot Game, Project, and FLL Core Values - make up the yearly Challenge. **Parent participation is required. The weekday team meeting will be held during club time. The weekend practice sessions will be held throughout the year. Students must be able to attend both the weekday team meetings and the weekend practice sessions.** Fees will go towards the kit, mats, supplies, registration, and competition fee. There is a selection process, starting with an online survey then an interview, selecting this club only secures a tryout spot.

FROM THE PAGE TO THE BIG SCREEN CLUB

WEDNESDAY

Ms. Hurley

No Club Fee

Many beloved books, new and old, are being transformed into movies every year. In this club we will be doing small author studies where we learn about the author and the books they wrote. Students are encouraged to read the books before hand however they are not required. After learning about an author, we will then view the film versions of the books. At the end of the movies we will then have a discussion of the differences noticed between the book and the film for those students that read the books. We will complete book to screen author studies on many authors including Roald Dahl, Judith Viorst, C.S. Lewis, Maurice Sendak, Dr. Seuss, J.K. Rowling and more! (each child's parent will need to sign a waiver saying their child is allowed to watch PG/PG13 movies, the list of movies will be provided on the first day of club)

GLEE CLUB

FRIDAY

Ms. Parrella

No Club Fee

It is never too early to begin teaching proper vocal technique to young singers. With this choir program, we will be getting the voices of our young students on the right track by producing quality sound. Posture, breathing, flexibility, and range of voice are all addressed in this program. Each student will be put through ear training to match pitch and recognize Major chord changes. At the beginning of each meeting we will start out with warm ups to properly use our vocal chords to produce the right sound. Then we will be working on short exercises that get us ready to do full range songs. Choir will meet on every Tuesday after school; students will need to bring a folder and a No.2 pencil to every club meeting.

GREEK MYTHOLOGY CLUB

TUESDAY

Mr. Rego

\$6 Club Fee

Students will learn about the gods of Ancient Greece, demigods, and legendary monsters. Ever wondered what it means to have Herculean strength, or what it takes to defeat a minotaur? All fans of the Percy Jackson series are welcome; however no prior knowledge of Greek mythology is necessary. Students will work on projects, read stories about brave heroes, powerful gods, and epic monsters. Embark with us on an odyssey!

HIP-HOP CLUB

TUESDAY

Ms. Hurley

\$10 Club Fee

The purpose of Hip Hop Club is to tackle the stereotypes associated with the music as well as the culture. We will meet this goal by learning about the history of Hip Hop which includes studying the people associated with the culture as well as the music. We will be learning some of the basic dances associated with Hip Hop as well as line dances. We will also be learning the history of stepping and will make up our own steps together to encourage teamwork and cooperation.

LINE DANCE CLUB

MONDAY

Ms. Jensen

No Club Fee

Students will be able to get up and groove after school to a variety of different music in line dance club! Students will learn classic favorites like the electric slide and the cupid shuffle and some fun new dances as well! New dances will be taught every week, and we may even be able to choreograph new dances together.

ODYSSEY OF THE MIND TEAM

WEDNESDAY

Ms. Jensen

TBD Club Fee

Club Description (No more than one paragraph): Odyssey of the Mind is an international creative problem-solving program that engages students in their learning by allowing their knowledge and ideas to come to life in an exciting, productive environment. Participants build self-confidence, develop life skills, create new friendships, and are able to recognize and explore their true potential. OotM proves that students can have fun while they learn. Students need to be prepared to commit to long after school hours for practice, as well as weekend practices leading up to competition.

RANDOM ACTS OF KINDNESS

CLUB

MONDAY

Ms. Colon

\$10 Club Fee

In this club, students will plan and implement Random Acts of Kindness in our school. Students who are both leaders and students who like to work behind the scenes would both excel in this club. The club will be student led, however some ideas include: Making cookies or treats for other students, Creating and Decorating Cards, Decorating the School with Positive Messages, and Reaching out to the community in a creative way.

READ, WATCH, ACT CLUB

MONDAY

Ms. Sokoloff

No Club Fee

Students will read a story that was previously made into a movie. AFTER reading the book, students will watch the movie. Students will analyze both the book and movie. Upon analyzing students will recreate a chapter or scene from the book and movie. (each child's parent will need to sign a waiver saying their child can watch PG/PG13 movies, the list of movies will be provided on the first day of club)

SCIENCE OLYMPIAD TEAM

TBD

TBD

No Club Fee

The STEM club is a precursor club for students interested in joining the Science Olympiad team. The Science Olympiad will be held the second semester of the school. Students in this club must be prepared to practice Saturday's beginning in the month January. In addition to strong student involvement, this club requires periodic help from parents during the club and/or on Saturdays. **Students must test into this club.**

SINGAPORE MATH CLUB

TUESDAY

Ms. Blaske

No Club Fee

Students will learn problem solving techniques and strategies from Singapore, the global leader in Math and Science. In Singapore Math Club students will learn both computational and Mental Math strategies for addition, subtraction, multiplication, and division. The students will learn and practice different approaches that will give them the tools to solve increasingly complex word problems successfully. Some of these approaches are: Finding Patterns, Model Drawing, Working Systematically, Restate the Problem, Simplify the Problem, and Guess and Check. We will also work on different aspects of fractions and ratios.

SOCCER CLUB

THURSDAY

Ms. Alfiky

\$10 Club Fee

The purpose of this club is to foster the enjoyment and development of the players. Throughout the year club members will learn about the history of soccer and its popularity around the world, as well as the rules and regulations of the sport. Club members will learn various touches and skill work with the ball, team work, and implement good sportsmanship on and off the field. Members will have the opportunity to form teams for scrimmages to use and practice the skills they learn on the soccer field. This club will be held indoors and outdoors on the soccer field, depending on weather.

EACH PLAYER MUST BRING ATHLETIC CLOTHES, DRINK, AND BE PROPERLY EQUIPPED WITH SNEAKERS/SOCCER CLEATS AND SHIN GUARDS.

SUPERSTAR VOICES CLUB

MONDAY

Ms. Michaud

\$5 Club Fee

If you love to sing, this is the club for you! In this club, we will learn to sing some amazing songs from the past as well as today! We will also learn to sing songs from famous movies, Broadway plays, and other cultural icons.

STOP MOTION ANIMATION CLUB

TUESDAY

Ms. Berray

\$5 Club Fee

Want to learn how claymation films are created? Or how old animated movies were made before computers? Join the stop-motion animation club! In this club students will learn what goes into making animation films with a series of pictures. They will use work in preproduction and create storyboards before they begin their short films. Films will include solving problems and/or recreating short stories. We will utilize a free app for iPads. Students are encouraged to bring an iPad if available. There will also be a \$5 club fee to cover the cost of prop items and clay.

STRATEGY GAMES CLUB

FRIDAY

Ms. Sokoloff

\$10 Club Fee

Student's will play different strategy games such as Blockus, Connect 4, Dominos, and Sequence. Student's will become critical thinkers, learn to work with one another, and apply these skills to accomplish team goals. When students are presented with a challenge, students are given the opportunity to work together to solve the challenge by discussing various strategies, communicating their ideas, and putting their plans into action.

TECHNOLOGY CLUB

MONDAY

Ms. Berray

Bring Your Own Device

Students will engage in academic games utilizing their own technology. Students will engage in games that use strategy, memory, skill fluency, and critical thinking. Students will learn to incorporate technology into their academic lives and study habits.

TRACK CLUB

WEDNESDAY

Ms. Stapleton

\$10 Club Fee

This club is for students who are interested in pursuing and/or participating in running or Track. We will learn how to properly stretch, warm up, workout and cool down according to the sport. Students will also learn proper technique, work on form and learn how to properly hydrate.

UNO CLUB

FRIDAY

Ms. Silvaes

\$5 Club Fee

UNO Club is a place where students will learn not only how to play UNO, but teamwork, math, and vocabulary. They will have a chance to play practice rounds each week that work toward a monthly championship. Both traditional and modern version of the game will be played and their strategies learned.

WORLD MUSIC CLUB

WEDNESDAY

Mr. Rego

No Club Fee

Ever wondered what music sounds like in Zimbabwe? Students in World Music Club will explore the sounds of exotic places, learn the names of native instruments, styles of music, folkloric dances, as well as culture. Students will have the opportunity to sample some unique instruments. Join us for an international listening experience!

YOGA CLUB

THURSDAY

Ms. Greene

No Club Fee

Ever wondered what music sounds like in Zimbabwe? Students in World Music Club will explore the sounds of exotic places, learn the names of native instruments, styles of music, folkloric dances, as well as culture. Students will have the opportunity to sample some unique instruments. Join us for an international listening experience!
