## FALL FESTIVAL ADULT VOLUNTEERS NEEDED!

1. We need YOUR help! The OSS PVO is asking the OSS parents to [sign up to volunteer](#) and help at the Fall Festival on Friday, November 1st and Saturday AND/OR November 2nd. On Friday we need help during the day with receiving bake sale items at morning drop off, festival prep and starting at 6:00 pm with building one set up. On Saturday there will be donuts and coffee at 7am and you will receive a volunteer lunch voucher when you check in for your shift. Saturday has two shifts available plus early morning set up. If you are working the 2nd shift, come early to eat *before your shift starts, the volunteer lunch room will close at 2:00pm*. There is a ½- hour overlap to make sure that the post is not left vacant if the second shift is running late. We would appreciate any additional help for early set up at 7:00 am.
2. [Elementary OSS Parents](#), we also need coverage for the inflatables and have 4 (1.5 hour) shifts for each grade level. Please consider helping supervising one of those shifts so we can keep the inflatables open all day. These shifts have been added to the Elementary School Adult Volunteer sign up page.
3. Also please consider donating to our [Bake Sale](#). We are accepting home baked or store bought desserts to compliment our lunch menu. OCPS rules are listed on the sign up page and non perishable donations can be dropped off the Friday morning before.

All the three sign ups can be found on the same Sign Up page. Click on the tab at the top of the page that corresponds with your campus and please sign up for multiple times. The PVO

appreciates your support.

Third graders are going on their first field trip to Bob Carr Theater for the Young People's Concert. Teachers sent home the permission slip this week. Please make sure you return the form and payment by October 18th. If you want to be a chaperone, please fill out the Additions form.

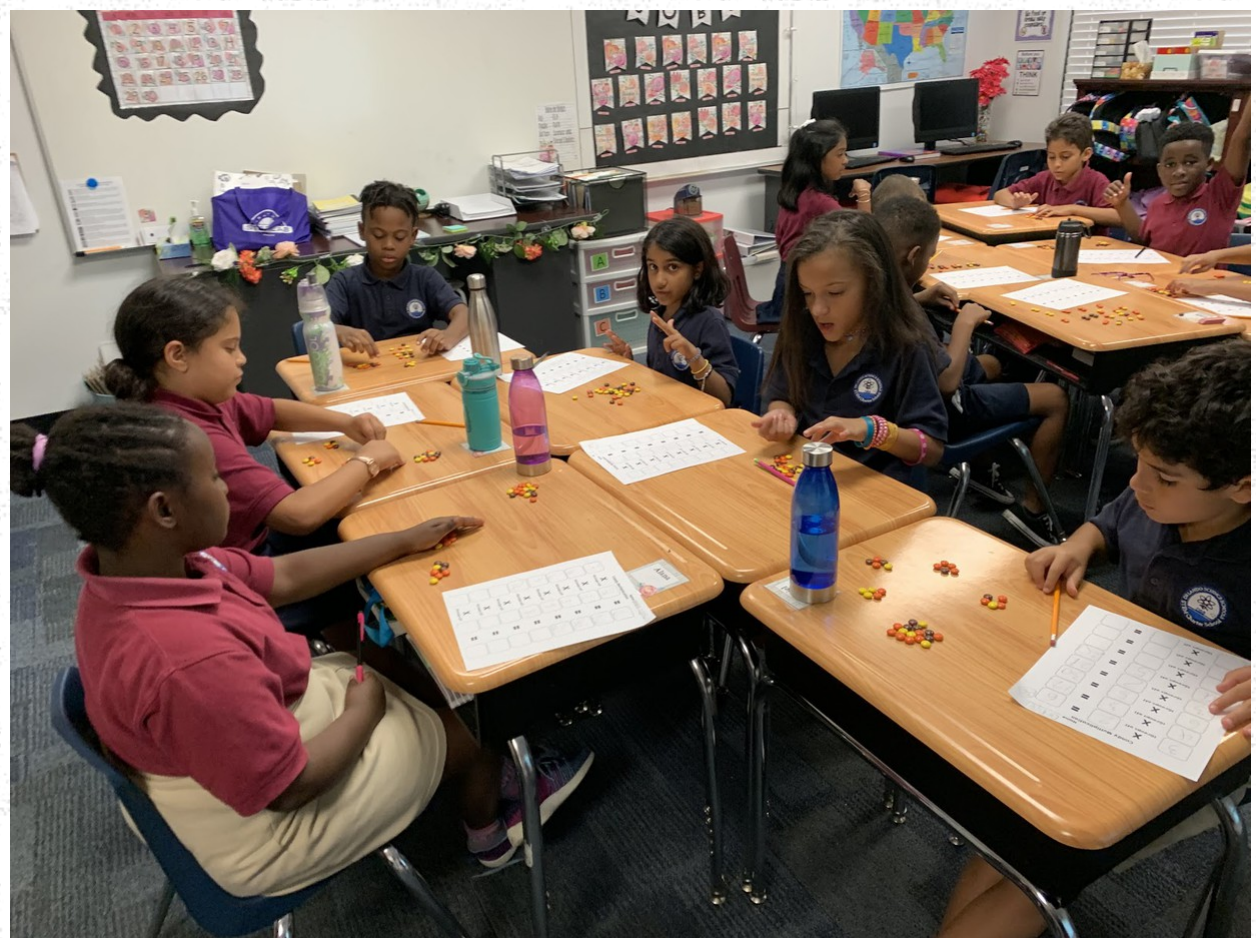

## THIRD GRADE

Third graders will be going on our field trip to Kennedy space Center on **October 11th**. We are very excited for this opportunity to learn all about our solar system, as we begin our study of the universe in science.

Mrs Anderson's friends started learning all about multiplication. We used candy to show how to make equal groups and create multiplication sentences. We are excited to continue to learn all the different ways to use multiplication! We will also begin our multiplication ice cream fact drills to prepare for our ice cream party later this year.

## FOURTH GRADE

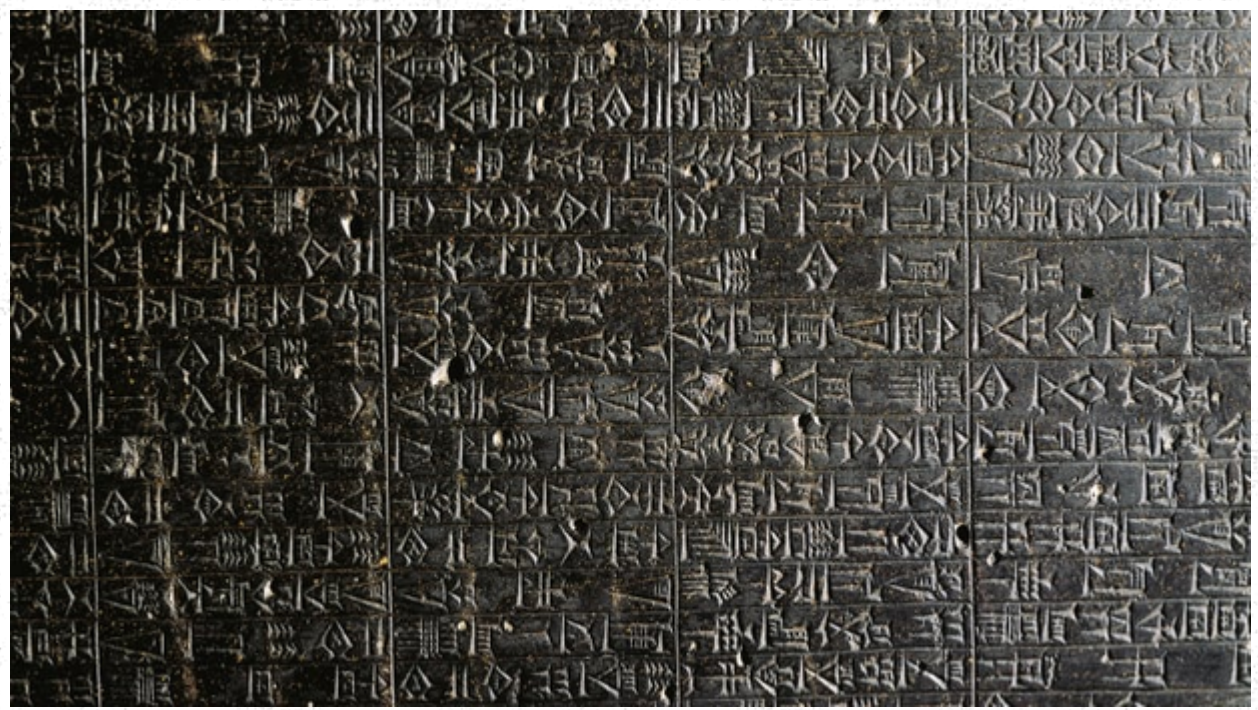

## FIFTH GRADE

Fifth-grade has been preparing for Hispanic Heritage Night. Mrs. Berray and Ms. Galan's classes researched culturally important topics about Columbia such as famous people, art, food, geography and tourism, and music. Then, they created posters to display what they learned about the topics.

## SIXTH GRADE

In World History, we've finally become civilized! Mesopotamia is the location of the first culture to be called a civilization in the world. Early laws were a bit of an eye opener for their harsh punishments, but we also have our first concept of justice in the Code of Hammurabi.

The theme for this year's music elective is world music, and we're looking for parents who own or play instruments to come in and demonstrate their music for us! If you have an instrument from a non-American culture and would be interested in doing a presentation, regardless of whether you have a student in Music Exploration, please contact Ms. D at [olivia.drouillard@orlandoscience.org](mailto:olivia.drouillard@orlandoscience.org). Thanks!

In Science, we are working hard on our Science Fair projects. We have our experimental questions and are researching to create our hypotheses. We are also beginning the Nature of Science unit in the text. These two topics are very closely related, making this unit fun and easy.
