Principal's Corner

Dear OSSES Family Members,

Congratulations to our students who competed last weekend in the Math league Competition! Several students from OSSES have qualified for the Math League Nationals to be held in Texas. Take a look at Page 9 to see our National qualifiers!

PVO is holding a School Beautification Contest! Students can submit ideas of how they would like to make OSSES beautiful and win prizes for their ideas. Check out Page 10 for more details!

OSSES will have one more paid dress down day on Tuesday, May 23rd. Proceeds will go to our robotics team and for PVO funds for the 2017-2018 school year. The cost will be \$1.00.

BoxTops have been UPDATED! Cut out your BoxTops and bring them in. The class who turns in the most BoxTops will win a prize. Check out Page 12 to see which classes are in the lead.

OSSES will be offering STEM Camp this summer! See Pages 13-16 for more details!

We hope you enjoy your weekend and look forward to seeing your student on Monday.

Sincerely,
Michael Singleton
Principal

Kindergarten

This week in kindergarten we have been working hard! Students in Ms. McGee and Ms. Menoff's classroom have started reviewing concepts in math and reading to prepare for the first grade. In Ms. Yamnitz and Ms. Haecherl's class students have finished up their unit on nonstandard measurement in math and are beginning to work on graphing. In reading we are working on compar-

ing fiction and non-fiction texts. We are working on ways that we can learn about our past in social studies. In science we are finishing up our units on sound. Students made drums at home with various materials. Ms. Haecherl's class's butterflies hatched this week!

In first grade in writing, the students are writing books in celebration of our moms for Mother's Day. Our phonics study is looking at words with words with the schwa sound, -ent and -ant endings. In reading, we are focusing on the stories,

"Celebrate Independence Day", and "America Is..."- these tie into our thematic reading unit, all about America and its people. Our reading skill practice is reviewing all reading skills learned this year and applying them to different texts. Our grammar focus

1st Grade

skill is prepositions. Our social studies unit for the week is investigating the 3 branches of government. In math, we are continuing a review of all math skills learned throughout the year.

2nd Grade

Second grade had a FINtastic time at Sea World this Thursday! We've been learning about different animal habitats and this was a great opportunity for us to explore and learn more about sea animals and their environment.

Congratulations to Mrs. Nelson and Ms. Alfiky's classes. ALL of their students reached their end of the year AR goal!

3rd grade has graciously welcomed Ms. Iton to the team. Although her students miss Mrs. Murphree, they are thrilled to have Ms. I's warm smile greeting them each day.

In her room, the kids are making cards for Mother's Day, organizing their classroom library (Library Science), and writing personal stories. "Creativity is a wonderful skill!" Ms. Iton

In Ms. Kish's class, her students completed a Country/Culture Unit. The kids made their own books (table of contents, government, food, language, import/exports, music) and hand-made souvenirs for a market swap!

All classes are looking forward to Slime Day, Field Day, and end of the year celebrations!

3rd Grade

Mrs. Anderson's friends have begun learning about World War I and World War II in Social Studies. We are hearing personal stories from veterans as we try to understand how the events of the wars affected soldiers and civilians alike. We have also continued to work on our Geometricity math project. This is a creative project of which students use their knowledge of geometry to create a city! This project aims to focus on geometry, but there are so many other elements of learning present which include problem-solving, making inferences, collaboration, communication, independent learning, and more. The students are having a blast creating their own cities!

All of fourth grade is officially done with FSA testing! All four teachers are extremely proud of the hard work and dedication our students showed while preparing for these tests.

Our last STEM Day of the year is happening on Wednesday, May 24th from 9:00am - 11:00am. More information and volunteer sign

up can be found here: <https://ocps.samaritan.com/recruiter/index.php?recruiter-ID=503&class=OppDetails&oppGuid={557CA3EA-E4AF-4693-A68F-9A26DE1F755B}&t=5-24-17-Grade-4-STEM-Day>. Students and volunteers are encouraged to dress as a Fairy Tale character for this day!

Congratulations to all the students whom met their yearly AR goal of 168 points. An end-of-the-year party to honor these students will take place on Monday afternoon. A big thanks to Ms. Knight for organizing this celebration.

4th Grade

5th Grade

This week in Ms. Culverwell's class and Ms. Farrell's class we've been working on a STEAM Project. Students have create Angry Bird Dioramas that included towers and 3D figure birds and pigs. They had to find the surface area and volume of each of their 3D animals and record their answers.

They also had to create a tower out of Popsicle sticks, straws, paper, tape, and paper clips. The tower was tested against natural disasters to see how strong it was. We tested them against hurricane winds (a fan on high), earthquakes (shaking them), and

gravity (adding weights to the top of the tower). Students had lots of fun with this project, were able to be creative with their dioramas, and learned about surface area and volume.

Specials: Physical Education!

In PE, 3-5 classes have been working on their hockey unit. All classes are playing in their grade level hockey tournament! This is a great way to have students practice the hockey skills learned in class while practicing good sportsmanship! Grades K-2 are currently working on their locomotor movements unit. All classes have mastered the 8 main locomotor movements and are participating in fun lead up games to sharpen the skills they all have learned in class.

On Saturday, May 6th, Miss Stapleton had the privilege to attend the Hindu Swayamsevak Sangh for their teacher appreciation event. It was a wonderful event to have all teachers in attendance recognized for their dedication and hard work! Chaavi (5th grade) & Ananya (2nd grade) were there to represent OSES!

A big

THANK YOU!

goes out to all the students who helped celebrate Teacher Appreciation Week at OSES! Miss Stapleton, Mr. Clark and Miss Parrella would like to send out a special thank you to the students and families who made our week extra special!

NATIONALS!

Congratulations to our students who competed last weekend and qualified for the Math League Nationals, which will be held in Texas!

3rd grade:

Samuel Sapatla - 3rd Place

Owais Khan - 6th Place

Nolan Fineman - 7th Place

4th grade:

Joshua Oliver - 5th Place

Aaditya Jandhyala - 7th Place

5th Grade:

Jaithra Nagindas - 1st Place

Tarang Gaddam - 2nd Place

Michelle Li - 4th Place

Meghana Konda - 7th Place

OSSES School Beautification Contest

The PVO is raising money to help make our campus beautiful. We want to know what you think will make our school look great.

Give us your ideas. What would you design?
What kinds of plants would you like to see?
Let's work together to make our school beautiful!

Prizes will be awarded for K-2 and 3-5 in the following categories

- Most Creative
- Best use of Science or Technology
- Most Environmentally Friendly

Deadline for Entries is May 24th

We can't wait to see what you come up with!

- Your PVO

BOX TOPS ROUND 2!

**If you didn't win the Box Tops
Contest Last Semester...
Here's your chance to try again!**

*Your class could win a PARTY
courtesy of the OSES PVO!*

*Deadline will be announced soon...
So start sending in those Box Tops!
Good Luck!*

ORLANDO SCIENCE ELEMENTARY

2611 Technology Drive Orlando FL 32804 Tel: 407.299.6595 Fax: 407.299.6594 <http://www.orlandoscience.org>

Dear OSES Families,

Orlando Science Charter School is excited to offer STEM summer learning opportunities for our students.

STEM Camps will be held for four weeks this summer, June 5-9, June 12-16, July 10-14, and July 17-21 from 9:00-4:00. Each week of camp will cost \$200 per student. For families with more than one child attending, each additional student will be charged \$150 to attend camp. Students may attend either one, two, three, or four weeks (each week will vary by activities). Half-day or single-day camp is not offered this year. Space is limited, so camp enrollment will be first come, first served basis. A daily snack will be provided for each student; however, they are responsible for bringing their own lunch each day.

Students must be dropped off through the cafeteria no earlier than 8:30am. Pick up will also take place in the cafeteria and students must be picked up no later than 4:30 pm.

While on campus students will be required to abide by the OSES code of conduct. Failure to do so may result in dismissal from camp.

Dress Code: OSES uniform is not required; however, the following items will not be permitted: Tight pants, shorts that are shorter than fingertip length, offensive t-shirts, spaghetti strap or halter style tops. This is mandated by administration and will not be permitted while on campus.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Singleton".
