Principal's Corner

Dear OSSES Family Members,

Welcome back! We hope you had a restful summer. We are diving right back into another school year, starting with a successful first week of school.

Each week, we will be publishing our Newsletter. Each newsletter will contain an update of what is going on at OSSES and in our classrooms. There will be important updates and information as well for parents and students.

Next week we will be having our Curriculum Nights. K-2 will be held on Tuesday (August 23rd) and grades 3-5 will be held on Thursday (August 25th). Please see Page 8 for more details.

Parents: If you are having issues logging in to your student's AR, Study Island, or OSSES Connect accounts, please email Mrs. Monahan at Monahan@OrlandoScience.org.

Mr. G would like to remind you that the first Extended Day Care payments are due next Friday, August 26th. A copy of the payment schedule is on Page 9 for your reference.

If you have not turned in your Annual Information Update Form, please send it in with your student on Monday to turn in.

We hope you enjoy your weekend and look forward to seeing your student on Monday.

Sincerely,
Michael Singleton
Principal

Kindergarten

It has been an amazing week for Kindergarten! All four classes have been reading books about starting school and being good classroom citizens. Students have ex-

plored math manipulatives, writing tools, as well as how to properly use scissors and glue. The kids have been making new friends and learning what it means to be a good friend.

Kindergarten looks forward to seeing everyone at Curriculum Night next week. If you haven't already, make sure you sign up for a session!

1st Grade

First Grade had a great week coming back to school this week! All classes worked hard to learn and practice the rules and procedures. In Science, we made a volcanos for our first STEM experiment of the year. In Social Studies, we learned what it means to be a

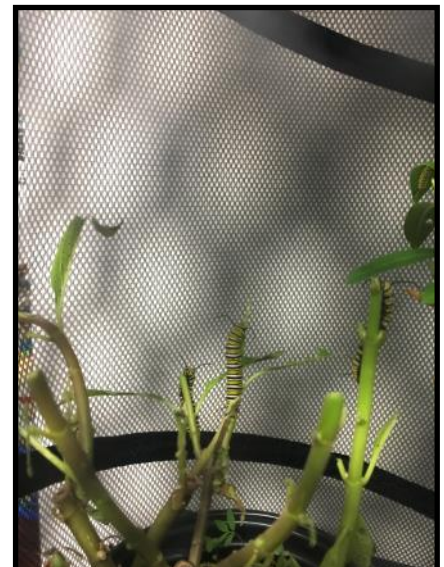

good citizen of the school. In Reading, Mrs. Ortiz's and Ms. Strickland's classes read First Day Jitters and talked about what we expected at school our first week of school. Ms. Swank's and Ms. Anderson's classes read Pete the Cat: Rocking in my School Shoes and talked about how to be a good a good friend, and how to follow

directions. For Math, Mrs. Ortiz's and Ms. Strickland's classes learned about congruent and in-congruent shapes. We also practiced the procedures for our calendar and date. Ms. Swank's and Ms. Anderson's classes worked on measuring ourselves with different objects, seeing how many activities we can do in a minute.

Second grade has had a wonderful first week of school! Students spent the week getting to know their classmates and learning about classroom rules and procedures. Students in Mrs. Nelson's class also enjoyed observing the lifecycle of a monarch butterfly. They started the week with several caterpillars and now have 4 chrysalises!

2nd Grade

3rd Grade

This has been an action packed week for 3rd grade as they met their teachers, learned the rules and procedures, and started in on learning and fun.

Students had a chance to go to the Media Center, do STEM activities, and participate in Get-to-Know-You activities. Mrs. Silvares' class enjoyed STEAM

stations this week as they were able to express themselves through art and engineering (see photos).

4th Grade

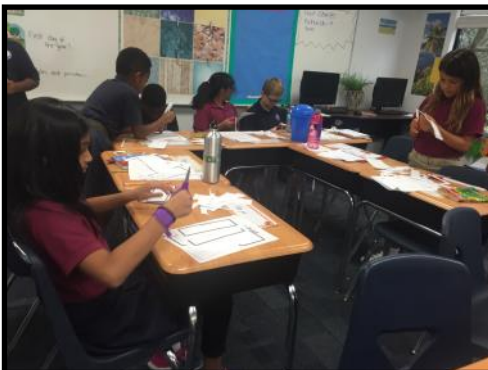

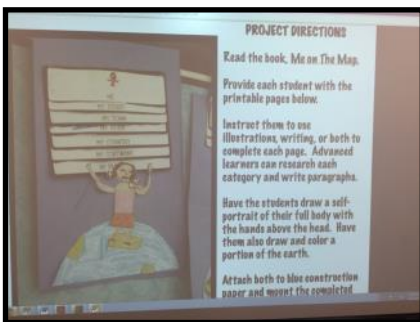

What a busy first week! Fourth grade has hit the ground running this new school year. This week all fourth grade classes have been busy getting the hang of classroom procedures, routines and academic expectations. Please remind your child that in school they are expected to always be on their best behavior and show respect for those around them.

Classes have also done introductory lessons in each subject to expose students to the content they will be learning this school year.

This year 4th graders will have monthly genre related book reports due so please keep that in mind. Information about that has been sent home with your child.

Curriculum night is next Thursday, August 25, 2016.

Please sign up to attend one of the 4 sessions with your child's teacher if possible. This event will be very informative for all parents. This will be a very busy year for your child so please be sure to keep open communication with your child's teacher. Thank you to all parents for making this week go by so smoothly!

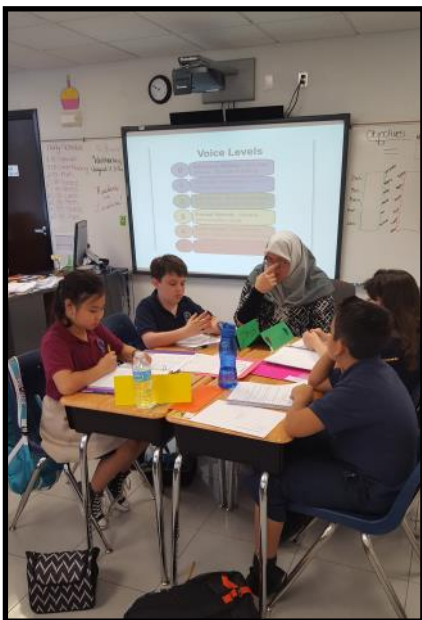

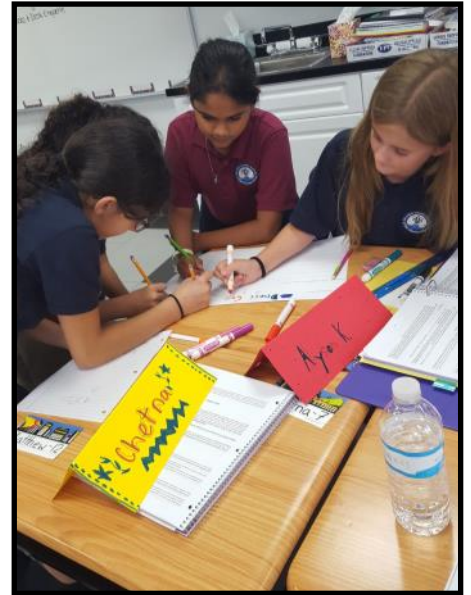

5th Grade

Welcome to 5th grade! We have had an awesome first week! We reviewed the procedures and expectations not only of our new classrooms, but of the whole school. We practiced these

procedures many times, and now we are ready for a fantastic and fun new school year!

In Ms. Blaske's class, we learned more about our classmates with BINGO, we made posters about the rules of the school, and we talked about Pokémon a LOT! It's going to be a great year!

Orlando Science Elementary School Curriculum Night

Dear Parents,

The first and the biggest event at OSES is our Curriculum Night. Teachers will present grade specific curricular information that will cover what your child is expected to learn and do during the 2016-2017 education year.

The schedule described below was created in an effort to provide you with maximum opportunities to learn about our classroom programs. It is an evening for adults. If you have questions or concerns about your child's progress, please set up an appointment with your child's teacher for a separate conference time or sign up for the teacher/parent conference night.

Curriculum Night Dates:

K-2:

Date: 8/23/2016
Time: 04:30-6:30

3-5:

Date: 8/25/2016
Time: 04:30-6:30

There will be four sessions:

Session 1: 04:30pm-05:00pm

Session 2: 05:00pm-05:30pm

Session 3: 05:30pm-06:00pm

Session 4 06:00pm-06:30pm

All sessions will be held in your student's classroom. Please register for a session using the following links and use your student's name for the registration.
