

Orlando Police Department Visit

Several members of the Orlando Police Department joined the students and staff of Orlando Science Elementary on Wednesday, October 25, 2016, to help students celebrate Red Ribbon Week. Sgt. Ruhl and Officer Kirkpatrick explained how police officers help us, how and when to call the police and about their safety equipment. Officer Mercer and Corporal McFarland let students sit in their police car and try out the siren. We all enjoyed your visit- thank you for all of help, OPD!
