

ORLANDO SCIENCE ELEMENTARY WINS 2ND AND 3RD PLACE IN STATE SCIENCE OLYMPIAD TOURNAMENT

Orlando Science Elementary's Science Olympiad Teams competed at the Florida State Science Olympiad. The students had been preparing for the Olympiad since the beginning of the school year, building various devices for construction-based events and studying incredible amounts of science information.

OSes' four competitive teams applied their science knowledge and skills in more than 13 unique events. Schools across the State of Florida competed and Orlando Science Elementary came home with 2nd and 3rd place.
