PRINCIPAL'S CORNER

THE WEEK ENDING 11/1/19

Dear OSES Technology Campus Families,

The OSS athletics department is having their Tijuana Flats spirit night on **Wednesday Nov 6 from 5-8pm** at the Winter Garden location

The Fall Festival is this Saturday. Any student who attends the festival will receive four dress down day passes. Wristbands are currently on sale. The day will be full of games, food, and fun. We hope to see each of you there.

All next week is our Scholastic Book Fair. Teachers may bring their classes as a group, or students may come with a pass. There will be lots of new titles and accessories, something for everyone. The fair is the media of B1 and computer lab of B2.

November 5th is family art night. Come enjoy a relaxing night of art with the family. We'll have Ebru, Suminagashi and more. The cost is \$10 per family.

Sincerely,
Michael Singleton

NEWSLETTER QUIZ

The Technology Campus is incredibly thankful for all of our faithful readers, and for that we would like to reward our families. Moving forward we will have a [NEWSLETTER QUIZ](#) located under the Principal's corner.

Dress down passes will be rewarded to the students who receive a 100% on the quiz for that week!

We hope that you have fun, and enjoy reading this week's edition! Entries are due the morning of Monday, November 11th.

IMPORTANT RE-ENROLLMENT INFORMATION FOR 2020-2021

November kicks off Re-Enrollment for 2020-2021. As of today, November 1st, 2019, all parents will have received a link to the 2020-2021 STUDENT RE-ENROLLMENT AND NEW SIBLING ENROLLMENT REQUEST Form. **Please fill out the form before Friday, December 6th, 2019.** If the form is not returned by that date, your student may lose his/her spot at Orlando Science Schools for the 2020-2021 school year.

Please note that your submission is not considered complete until you have also updated your student's Immunization and Verification of Residency. The admissions team will reach out to you if you need to update. Immunization and Residency Verification are due no later than Friday **December 13th, 2019.**

If you have any questions, please contact OSESEnrollment@OrlandoScience.org.

CENTRAL FLORIDA MATH TOURNAMENT (CFMT) 2019

The Mu Alpha Theta Honor Society of Orlando Science High School invites all 4th and 5th grade students to compete at the Central Florida Math Tournament (CFMT) to be held on **Saturday, December 14th, 2019.**

Registration is now open! If you would like to register your student for this year's Invitational, visit the registration page and fill out the form with your student's information. Please note that CFMT is an individual math contest and each student needs to register separately.

Registration must be completed online at our website

<https://www.ossualphatheta.com/cfmt> no later than **Friday, December 6th, 2019.**

Registration fee is \$15 for each student and should be paid online via School Pay. The competition is open to first 250 students who applied.

The competition will take place at Orlando Science Elementary School campus which is located at 2601 Technology Drive, Orlando FL 32804.

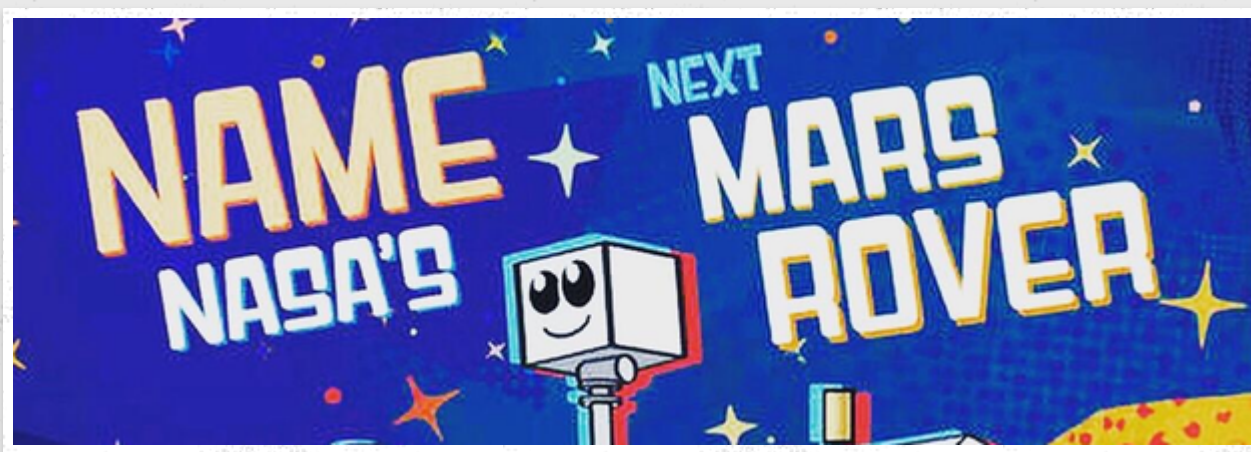

More information about this year's competition is at our website www.ossualphatheta.com.

Please contact us at ossualphatheta@gmail.com if you have any questions.

We hope you will find this competition a rewarding mathematical experience for your students, and we look forward to your participation at our invitational on **December 14th.**

Mathcerely,

Orlando Science High School Mu Alpha Theta Honor Society

NASA's Mars 2020 rover needs a name! Any K-12 student in U.S. public, private, and home schools has a chance to name the next Mars rover bound for the Red Planet in **July 2020.**

To enter the contest, students submit their rover name and a short essay (max 150 words) to explain the reasons why their chosen name is the best. The contest closes Nov. 1, 2019. More information at <https://lnkd.in/eNKNbp6>

KINDERGARTEN

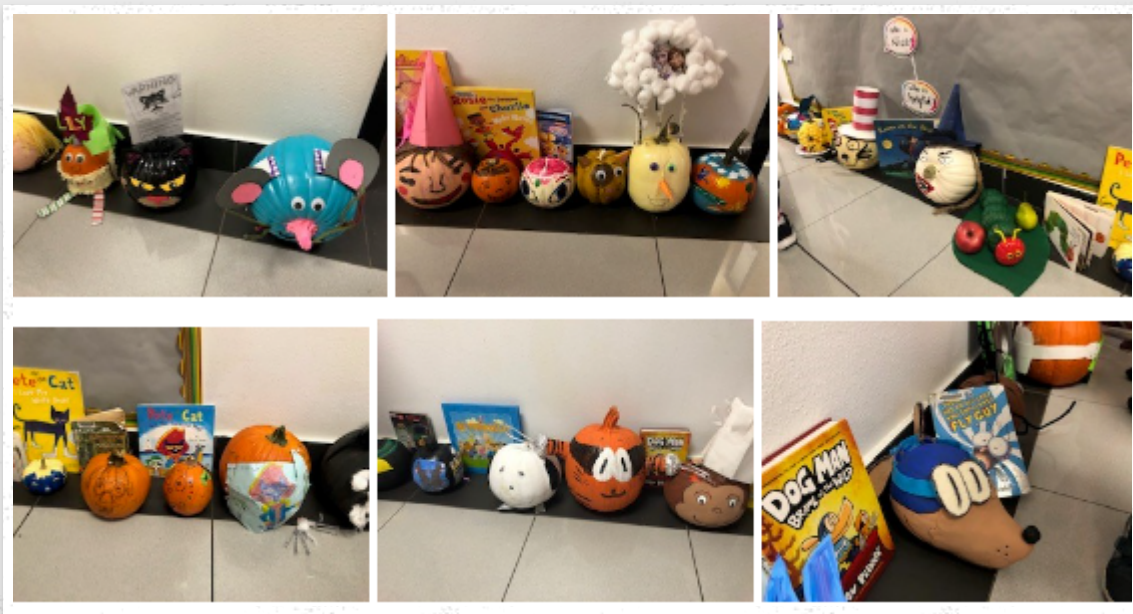

This week in Kindergarten we had a great time exploring Pumpkins!! We learned that pumpkins were originally green and not orange. You can grow a square pumpkin and the largest pumpkin ever grown had to be moved by two tractors!

We had a great time playing pumpkin math games, dissecting pumpkins and the history behind pumpkins in fall (they originally originated in Ireland)!!!

FIRST GRADE

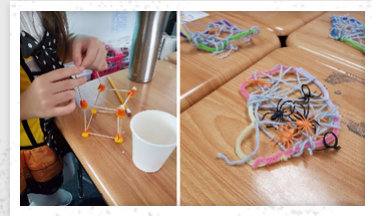

First grade had fun celebrating the students who earned all their AR points for Quarter One!! We also enjoyed walking through the hallways checking out the character pumpkin creations.

Going home this week is information and permission slip for our next field trip to The Showcase of Citrus. Permission slips are due back **Friday November 8th**

SECOND GRADE

Second graders loved our first field trip to the Young Person's Concert at Bob Carr. We learned the elements of what a good story has, and got to see the orchestra, ballet dancers and opera singers.

Red Ribbon Week was awesome! Thank you to our second graders for their participation. We enjoyed seeing Orlando Fire Department's Station 7 and the Orlando Police Department Mounted Horses Unit this week.

All the second grade classes loved our October STEM days! Students worked through rotations of making a skeleton and learning bones of the body, creating the tallest candy corn tower, bone bridges, wings wanted, treat toss and creature catcher. Thank you to our parents for our donations!

THIRD GRADE

Third grade had a wonderful time at our Fall STEM Day we also enjoyed The Great Travel Fair. We learned about different states across the USA. Everyone has been singing Fifty Nifty. Mrs. Sokoloff's classroom was anatomy and we learned about the bones of the body.

FOURTH GRADE

FIFTH GRADE

Fifth grade celebrated fall with a fall STEM day. Students constructed mazes for hex bugs with obstacles, they participated in a fall web quest, and they designed and constructed spooky houses. Students that met their AR goal were able to spend the afternoon celebrating at a painting room, making crystals, augmented reality, having extended recess, using electronics with friends, and celebrating all things Harry Potter.

Next week, all fifth grade students will be participating in an ELA benchmark test. This will not be for a grade, but will be important to design instruction.

Field trip forms for the zoo field trip went home last week, please turn them in to your student's homeroom teacher.

SIXTH GRADE

Pre-Algebra students have spent the last couple of weeks learning how to solve multi-step equations. This week, they began learning about graphing equations and solving systems of equations using various methods. This is the last skill in Unit 2 and the Unit 2 Test will be

coming up soon. 6/7 math students finished up Unit 2 this week and are beginning Unit 3 about expressions and equations. They will learn how to generate equivalent expressions and how to solve equations/inequalities. We will also work with some graphing concepts as well. Please make sure you are encouraging your students to check OSES Connect regularly to track their progress in class and to ensure they have no missing assignments. We will also be taking Benchmark #2 in December. I am looking forward to seeing how much the students have grown this semester!

CLUBS

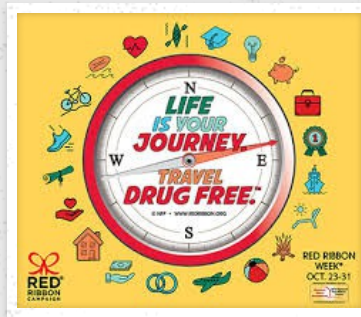

RED RIBBON WEEK

This Week we celebrated red ribbon week and had different dress up days to send a message about being drug free. We also had a visit from the fire department and the police mounted unit team.

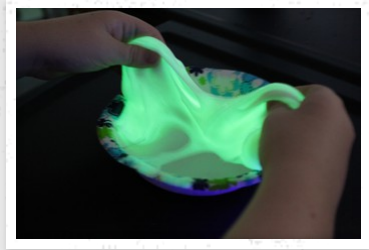

SUPERHERO SCIENCE NIGHT

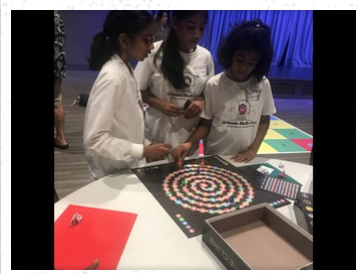

On **Thursday, October 24**, OSES families participated in a superhero STEM night. Students and their families had so much fun learning about different STEM topics like friction, flight, and symmetry. They also were able to explore even more topics using hexbugs and robotics. The highlight of the night for many students was making glow in the dark slime and getting fake villain scars put on them. St. Vic's Smokeshack also made an appearance with some wonderful barbecue food. Students who participated in the superhero STEM night were able to dress down the next day by showing their passport. It was a very successful night of vigilantly fun!

GIRLS MATH COMPETITION

Orlando Girl's Math Competition Grades 3-5 On **Tuesday November 29th**, our girls showed up & showed out at the Orlando Girl's math competition. They used the M in STEM to problem solve. Many of our girls placed in first, second, or third place for their grade. Afterwards, they were able to play math puzzle games and spend time challenging and enriching each other. Check out Orlando Math Circle for more events including a Problem Solving class this Saturday.

STAFF COMMENDATIONS

Do you appreciate what staff members do for our students?
Would you like to say **THANK YOU** to a staff member in our school?

We are giving you the best way to do it!

Recognize any staff member(s) by giving them commendations using the following link. These messages can mean the world for a staff member and will help increase motivation.

ENTER STAFF COMMENDATIONS HERE!

TRAVELING ORCA

Our traveling Orca has been slowly making his way around campus. I am hoping that he makes it back to Building 2 next week. Please check out his blog with your class. It is updated weekly. The kids in the club would love to see some comments added to the posts! Make sure you play the Kindness theme song! It's a catchy little tune 😊

IMPORTANT SCHOOL REMINDERS/INFORMATION

SCHOOL PAY

Parents can now make FREE online payments for most school expenses online with School Pay. This includes School Lunch and After Care! Simply log into your secure online School Pay Parent Center account and pay for items including **after school care fees, club fees, field trips, class fees, student fees and more**. The first step is creating your Parent Center Account at schoolpay.com Please go to "Charter Schools" tab and then choose your school name as "Orlando Science Elementary

School" to complete the steps for creating your parent account. If you have any problems using the School Pay system please call 1 888-88-MYPAY

Questions about your student's school pay account can be directed to [Ms. Centenera](mailto:Ms.Centenera) at crisrina.centenera@orlandoscience.org

INTERESTED IN VOLUNTEERING AT THE OSS TECHNOLOGY CAMPUS?

Orlando Science Families interested in volunteering at the OSS Technology Campus during the 2018-2019 School Year MUST be ADDitions approved. Below you will find the link to apply for ADDitions for the 2018-2019 School Year.

APPLY TO BECOME AN ADDITIONS VOLUNTEER TODAY!

ATTENDANCE MATTERS

Attendance is key to the success of your student's learning. If you have any attendance concerns such as daily absences, upcoming absences, extended absences or questions please contact Mrs. Stella for k-3rd grade and Ms. Taylor for 3rd-6th grade

Stella.waton@orlandoscience.org

Taylor.watson@Orlandoscience.org

Please note that in order for an absence to be **excused** you must turn in proper documentation (i.e a doctors note) to the front desk

If your student is absent on a day that they have club, please remember to email the club teacher so that their absence for club that day is excused.

FORTIFY-FL

FortifyFL is a suspicious activity reporting tool that allows you to instantly relay information to appropriate law enforcement agencies and school officials.
