THE WEEK ENDING 4-26-19

Dear OSS Technology Campus Families,

Congratulations to the OSES Science Olympiad team. Our school placed I both 1st and 2nd at the State of Florida Elementary Championship out of over forty teams. Congratulations to Coaches Jensen and Blaske and all the Science Olympiad team members.

Operation Orca raffle drawings started this week and will continue into the following week. Please be sure students submit their tickets!

The K-3 Talent show is Wednesday, May 1st, at the Orlando Science Center. If you haven't already, you can purchase your tickets via school pay.

Don't forget to purchase your yearbooks! The current price is \$20. Please see Ms. Martinez for additional details.

Please remember that there is no pick up or drop off at the front desk during dismissal. If you need to make special arrangements please call the office ahead of time.

Sincerely,
Michael Singleton

NEWSLETTER QUIZ

The Technology Campus is incredibly thankful for all of our faithful readers, and for that we would like to reward our families. Moving forward we will have a [NEWSLETTER QUIZ](#) located under the Principal's corner.

Dress down passes will be rewarded to the students who receive a 100% on the quiz for that week!

We hope that you have fun, and enjoy reading this week's edition! Entries are due the morning of Monday, May 5th.

ADMINISTRATIVE PROFESSIONAL DAY

**Happy Administrative Professionals Day
Ms. Stella and Ms. Taylor**

**Our Orlando Science School Technology
Campus was thrilled to celebrate Ms. Stella and
Ms. Taylor's day.**

**On April 24, students and staff took some
time to surprise them and say THANK YOU for
all they do for us daily.**

ORCA RAFFLE WINNERS!

KINDERGARTEN

This week in Kindergarten we learned about gravity and flight with our recycled kites, how to protect our environment on Earth Day and controlling our bodies and actions during our Karate Demonstration.

We also had a great time sharing our stories from "Taking our Kid to Work Day"! Afterwards we reflected on becoming a model citizen and what it means to work as an adult.

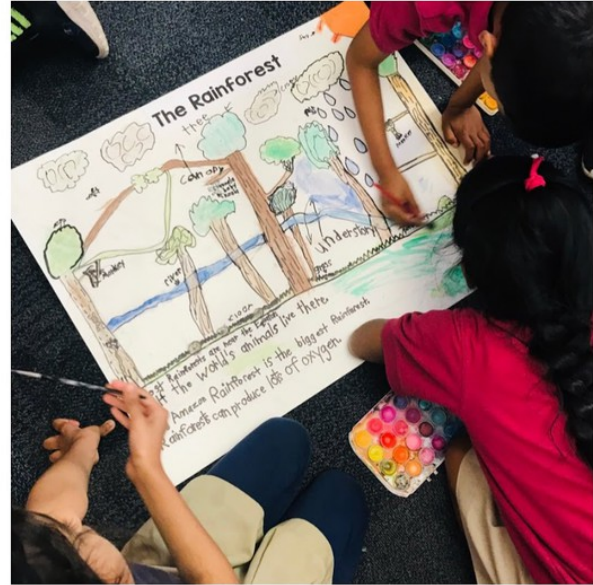

FIRST GRADE

In reading Mrs. Beckman's class continued to work on the book study for "Monster In The Mangroves". In math we practiced partitioning 2D shapes!

Ms. DiNuzzo's class recently finished animal book projects and they are all individualized and looking great! Students completed a STEM/critical thinking project this week to Save Fred (the worm) and place him back in his boat with his life vest on. It was a challenge, but we finished strong! If interested in doing this activity at home go to: <https://youtu.be/L26KZ99xfT0>
We look forward to the next couple weeks when we continue to work on our Elementary is Engineering - Bioengineering project. We are excited!

SECOND GRADE

In Ms. Waugh's class, students celebrated Earth Day by constructing Greywater filters out of recyclable materials. In Science, we are continuing the study different biomes.

In Social Studies, students practiced their economic skills by producing and selling donuts to consumers. They were given a start-up allowance, bought supplies, constructed boxes out of index cards, and created price lists for their products. Then they shopped with their profits. Strawberry sold out quickly, as the demand was high!

THIRD GRADE

Third grade has begun our Carnival Math Rotations as review for the FSA. Our carnival day is now May 9th and we are super excited!

Please keep in mind that the field trip form and money is due no later than **May 3rd**. Be aware that there are no exceptions and no refunds.

Mrs. Anderson's class has finished all Math skills and are focusing on reviewing concepts for the FSA. We will also continue to practice our ELA skills over the next 6 weeks of school. We are creating biomes for our Biome Day later in May.

Ms. Hurley's class is having a fun time with our A-Z countdown to the end of the year. Students are looking forward to counting down the last days until summer vacation in fun and educational ways.

FOURTH GRADE

Fourth grade has been working really hard this week as we prepare for the upcoming FSA. Here are a few pictures from the field trip we took last week to the Pioneer Village.

FIFTH GRADE

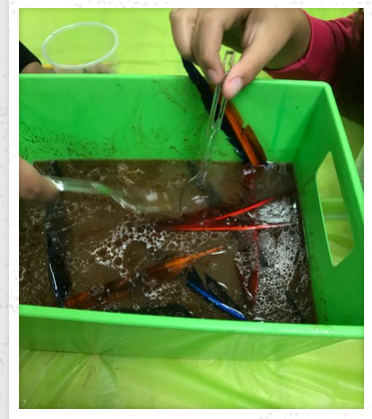

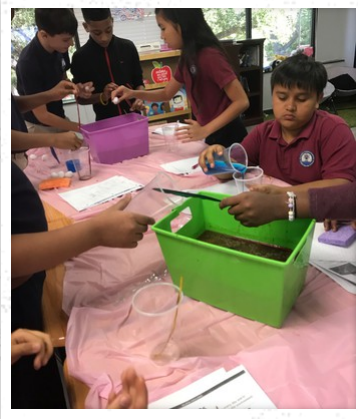

Ms. Calabrese's class experienced cleaning oil off feathers for an Earth Day activity. They were given different materials and worked together to collect the oil from the feathers while cleaning it. They have also been busy practicing and preparing for the upcoming FSAs and learning more about animal adaptations.

Ms. Calabrese and Ms. Blaske's class will be working together next week to review for the Math and Science FSA/FCAT by having the students participate in a test prep carnival. The culminating carnival will be on **Friday, May 3**. If any parents are interested in volunteering to help out, please look for the upcoming sign up.

Next week is the due date for AR (5/01). Students will have their AR party on Friday, May 3.

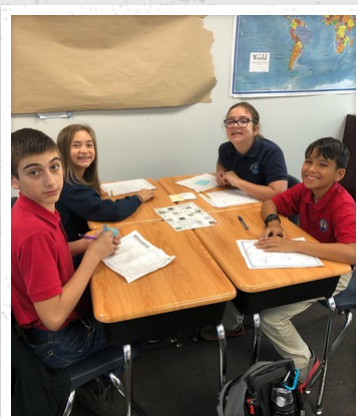

Next week is ELA FSA for fifth grade (May 1st and May 2nd).

Lastly, The 5th grade Animal Kingdom field trip permission slip form is due next Friday, May 6.

SIXTH GRADE

This week the students read two informational texts about the Titanic and researched actual people that were on the ship to write narrative nonfiction. We played a Titanic board game to recall important details about the event and consider the sequence/details of their narratives.

In Spanish class students had a lot of fun “breaking the piñatas last week. It was a fun activity to help students understand the Hispanic culture. Teachers, students, and staff voted for the best piñata. The winner was Big Chungus (the bunny). Congratulations to period 4! They enjoyed an ice cream party on Monday.

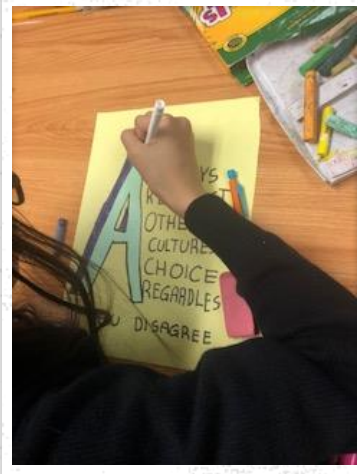

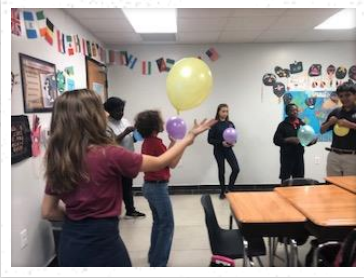

NJHS

Students in 5th-6th grade spent time to focus on the Character trait of

May: Tolerance. Ms. Kish had the students blow up a balloon with a word such as: Ethnicity, Culture, Music, Color, Food, and Religion written on it. The kids had no idea what word they had until it was blown up. The students then had to explain how they and “society” can be tolerate of the word. Some responses were—“One way to become tolerate of food is accepting the smell. Maybe the the smell is something you are not used to, but, you may find the taste is delicious. It happened the first time I tried curry!” Another student shared that through learning about different religions in World History class, he became more understanding of a

classmate's belief. A perfect example of this is when the Notre Dame burned and Ms. Kish talked about the Crown of Thorns. Many students did not know the symbolism behind it.

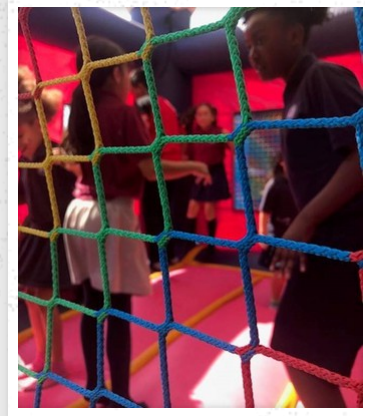

STRESS FREE CLUB

EGGSTRAVAGANZA

OSHS SGA hosted their first ever Oscar's EGGstravaganza for all OSS K-12 families on Wednesday this week. It was a great success, the kids had fun and SGA raised \$600 for

Nathaniel's Hope! Thank you to everyone who participated and for supporting this family charity event!
