## THE WEEK ENDING 9/13/19

Dear OSES Technology Campus Families,

OSES is encouraging all students and families to participate in the ASAP Central Florida Walk & Roll For A Cure, on **Saturday, September 28th**. You can register for free, or for \$30.00, you can register and receive a shirt. There will be music, food, face painting, and more. Flyers for this event will go home this week.

Hispanic Heritage Night is **September 26th** and will celebrate the countries and culture of Hispanic Countries. Information will be share with families soon. Please save the date.

Just a reminder that parents should not be dropping off or picking up their students at the front desk. Please use the car line both in the mornings and the afternoon. There will be no pick up from the front desk after 2:30PM, 1:30PM on Wednesdays. Thank You!

Sincerely,  
Michael Singleton

## NEWSLETTER QUIZ

The Technology Campus is incredibly thankful for all of our faithful readers, and for that we would like to reward our families. Moving forward we will have a [NEWSLETTER QUIZ](#) located under the Principal's corner.

Dress down passes will be rewarded to the students who receive a 100% on the quiz for that week!

We hope that you have fun, and enjoy reading this week's edition! Entries are due the morning of Monday, September 23rd.

## SUPPORT YOUR SCHOOL

### AMAZON

A great way to help raise money for Orlando Science Schools is to use the links below when shopping from **Amazon** or **Office Depot/Office Max**.

## KINDERGARTEN

This week in Kindergarten we learned about "weather" during ELA and Science. We had a great time learning about the different types of precipitation that storms can create and how they effect our environment. We compared the difference between storms and how powerful storms can be.

We continued working on number identification, place value and breaking apart numbers using tens and ones. Please check your child's I-Ready account to make sure they are completing their weekly minute.

## FIRST GRADE

This week in First grade we have been learning about our community and important leaders. We have been having a great time exploring narrative stories and improving our reading fluency. In math we are working on using mental strategies to help us work with numbers.

Thank you parents for your participation in parent teacher conferences!

## SECOND GRADE

## THIRD GRADE

## FOURTH GRADE

Mrs. Michaud's class has been hard at work this week! In Math, we continued our discussion of numerical expressions, multiplication, and place value. Our Chapter test will be next week. In Science, we finished our unit on the Nature of Science and began learning about Matter. In Reading, we read a play based on Norse mythology to continue our discussion of theme. In Social Studies, we began learning about the early people of Florida and the five early Native American cultures of Florida.

## FIFTH GRADE

## SIXTH GRADE

The theme for this year's music elective is world music, and we're looking for parents who own or play instruments to come in and demonstrate their music for us! If you have an instrument from a non-American culture and would be interested in doing a presentation, regardless of whether you have a student in Music Exploration, please contact Ms. D at [olivia.drouillard@orlandoscience.org](mailto:olivia.drouillard@orlandoscience.org). Thanks!

## SPECIALS

In the Computer Lab for First and Kindergarten classes we have been working on mouse practice. We learned vocabulary such as *drag, scroll, point, and click*. We also listen to the story, "Chicken Clicking" to learn about the consequences of the things we do online. Second grade is learning about the different buttons in a web browser. Fourth and Fifth grade are currently learning about information reliability and how to check credible sources.

Mrs. Christian is looking for guest speakers for her class and her *Girls Who Code Club*, if you are interested please email her at [ashlynn.christian@orlandoscience.org](mailto:ashlynn.christian@orlandoscience.org)

## OSS RECYCLES

# Turn Markers

# Into Energy!

Dear Parents,

I'm excited to tell you about a very special program I'm coordinating at our school in conjunction with Crayola. It's called Crayola ColorCycle – an amazing program devised to repurpose used markers rather than sending them to landfills!

The ColorCycle program has repurposed more than 70 tons of expended markers in the United States and Canada since 2013, and uses the most advanced plastic conversion technologies available today to make wax compounds for asphalt and roofing shingles as well as to generate electricity that can be used to heat homes, cook food, and power vehicles.

All year round Orlando Science students and teachers will be collecting used markers that are ready to be discarded. Please help support our efforts by sending your kids in with any used markers you may have around the house—even non-Crayola brands! Highlighters and dry erase markers can also be included. Drop-off boxes will be located around the school for your child to deposit the markers.

Thank you in advance for participating! With the help of parents like you across the country, the Crayola ColorCycle program can continue to keep tons of plastic out of landfills each year.

Remember, don't throw out that used marker—*ColorCycle it!*

Sincerely,

LeSha Martinez  
Art Teacher
