

Home Economic Survey

(For ACT, SAT, and College Application Fee Waivers)

Students in 11th and 12th grade with low-income may be eligible for SAT and ACT fee waiver.

The Home Economic Survey can be completed by the student/parent to determine a student's economic status of eligibility for waivers from the Collegeboard and/or ACT.

Home Economic Survey

Food and Nutrition states the survey result will be emailed to the student/parent. To get a fee waiver, the student/parent must show the counselor the email showing the student would qualify for the CollegeBoard/ACT waivers.

After receiving the letter, please email it to Mr. Bahar (11th) or Mrs. Bolat (12th).
