

The SAT and ACT are standardized tests that are required by many colleges and universities as part of the application process. These tests measure a student's knowledge and skills in reading, writing, and math.

To register for the SAT or ACT, students should visit the [College Board](#) or [ACT](#) website. They will need to select a test date and location and pay the registration fee. Students should also prepare for the test by studying and practicing with sample questions and tests.

Please note, if your student receives ELL, ESE, or 504 Accommodations, they must be submitted to SAT and ACT by the parent. If a parent does not submit their student's accommodations to college board (SAT)/ACT, students will not be provided their accommodations per ACT and College board guidelines.
