Principal's Corner

Dear Students & Parents,

Another great week at OSS!

OSS is winding down, so make sure you check the website and the newsletters for any updates and information. Page 2 offers up upcoming events while page 3 gives us a glimpse of the past.

OSS' Theatre Department will be putting on the dearly loved classic "The Wizard of Oz" play tonight. Follow the yellow brick road to page 5 for more information! You may purchase tickets at the front desk till they have sold out.

OSS International Night has always been an exceptional way to end the school year and this year is no different. For more information on this auspicious night, scroll down to pages 7-9!

FCAT is an important part of your child's education and pages 10-11 offers up some vital information. Just a reminder that are no more FCAT Saturday studies.

Make sure you take the time to thank your mother on Sunday for all she does.

Sincerely,

Necati Sahin, Principal
Orlando Science Middle/High

Your Mother Is Always With You...
Your mother is always with you...
She's the whisper of the leaves
as you walk down the street.
She's the smell of bleach
in your freshly laundered socks.
She's the cool hand on your brow
when you're not well.
Your mother lives inside your laughter.
She's crystallized in every tear drop.
She's the place you came from,
your first home...
She's the map you follow
with every step that you take.
She's your first love
and your first heart break...
and nothing on earth can separate you.
Not time, Not space...
Not even death...
will ever separate you
from your mother...
You carry her inside of you...

Happy Mother's Day

OSS International Night Information Form

OSS International Night will be hosted on Wednesday, May 21nd from 5-7pm. Our school will be opened up to all families of OSS and OSES to showcase dozens of countries in various teachers' classrooms. Experience art, history, music, film and food from all over the world!

For further information and questions, please contact Mr. Parrella at parrella@orlandoscience.org

How Can I Help Out?

The more input into this project, the better experience we will all have! Our teachers are openly welcoming any parents or students that wish to help with our countries for International Night. To volunteer, please have a look at the countries represented and contact that teacher/sponsor on how to get more involved! We hope to hear from you!

Are These the Only Countries Represented?

Not at all! More countries are being added gradually as parents volunteer to sponsor them. We will be updating the country list on our world map in the hallway near room 131. If you wish to sponsor a country, we have a limited amount of open classrooms for you and a group to set up. We are looking forward to increasing our country population this year!

Your student's test(s) are scheduled for Monday, April 14th through Tuesday, May 7th and your student will have an opportunity to participate in a computer-based practice test to become familiar with the software, item types, and online tools he or she will encounter and use during testing.

If you or your student would like to review the CBT practice test at home, you can download instructions and a practice test (called an "ePAT") at www.FLAssessments.com/ePAT. Your student may practice as often as necessary prior to testing. You may also view Student Tutorials at www.FLAssessments.com/StudentTutorials. Please review the following policies with your student before testing:

- **Electronic Devices**—If your student is found with ANY electronic devices, including but not limited to cell phones and smartphones, at any time during testing, including breaks (e.g., restroom), his or her test will be
- invalidated, which means it will not be scored. The best practice is for students to leave devices at home or in their lockers on the day of testing.
- **Testing Rules Acknowledgment**—All FCAT/FCAT 2.0 tests include a Testing Rules Acknowledgment that reads, "I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated." Prior to testing, test administrators will read the rules to students, and students must acknowledge that they understand the testing rules by clicking a box or circle next to the statement.
- **Discussing Test Content after Testing**—The last portion of the testing rules read to students before they affirm the acknowledgment states, "After the test, you may not discuss the test items with anyone. This includes any type of electronic communication, such as texting, emailing, or posting online, for example, on websites like Facebook, Twitter, or Instagram." If students are found sharing information about test items, even without the intent to cheat, their tests will be invalidated.
- **Test Invalidations**—Students are responsible for working on their own during the test and for protecting their answers from being seen by others. If students are caught cheating during testing, their tests will be invalidated. The FDOE employs a test security company, Caveon Test Security, to analyze student test results to detect unusually similar answer patterns. Student results within a school that are found to have extremely similar answer patterns will be invalidated.
- **Leaving Campus**—If your student leaves campus before completing a test session (for lunch, an appointment, or illness, etc.), he or she WILL NOT be allowed to complete the test session. If your student does not feel well on the day of testing, it may be best for him or her to wait and be tested on a make-up day. Please remember not to schedule appointments on testing days.

If you have any questions related to this test administration, you may contact Mr. Yalcin at yalcin@orlandoscience.org. For more information about the statewide assessment program, visit the FDOE website at <http://fcat.fldoe.org/>. Thank you for supporting your student as he or she prepares for testing.

Sincerely,

Mr. Necati Sahin
